Providing Grants for Local Classroom Projects

FALL 2020

The Educational Foundation of Watertown believes in excellence in education

President's Annual Report

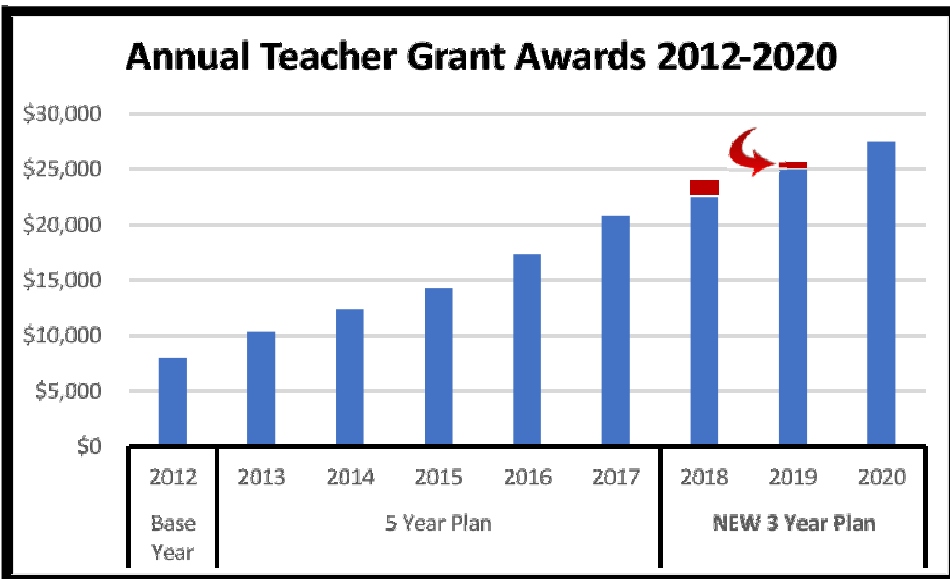

As you may remember, the Educational Foundation's current plan is to deliver \$75,000 to classrooms over the three year period from 2018 through 2020. In 2019, the second year of this plan, we achieved the annual goal of \$25,000 by awarding \$25,093 to almost 50 classrooms.

This was a record year for awards and contributions. Our major fundraiser, the Watertown Jig Jog, along with investment earnings, supported the Foundation's goals.

2020 will be a much more difficult year as you probably already know. With COVID-19 creating numerous job layoffs in a depressed economy, an uncertain stock market, and numerous canceled fund raising events including the Watertown Jig Jog for the Foundation, it will be a more challenging time to meet our 2020 goal of \$27,500.

However, with needs being more than usual, the Foundation will increase its grants to a total of \$30,000 for 2020 to assist in meeting the greater needs of the students.

Your continued generous support can still allow these goals to be met.

We continue to greatly appreciate your continuing support of the Educational Foundation for our teachers and as always, most importantly, our students, who are experiencing very different circumstances in their classrooms.

Again, THANKS for your ever continued support for them.

Randy Phelps

The Educational Foundation of Watertown has been issuing grants to teachers to help increase student learning since its inception in 1998. Thank you so much for your continued support!

\$10,000+ From the Jig Jog

The 2020 Watertown Jig Jog was just days away from the starting line when the COVID-19 pandemic stopped us in our tracks. Many thanks go out to our loyal sponsors and to the almost 400 registered participants for being so generous and understanding throughout this ordeal. This year's participants were given their shirts and a coupon code for \$10 off for the next race. Many shirts were distributed, but if you couldn't come to pick them up, we'll hold them until we see you again. With a little luck, and a vaccine, we will be back bigger and better than ever next March!

That being said, the public and private schools will need us more than ever during this unpredictable and crucial time for our children. The Educational Foundation of Watertown stands ready to help wherever possible. Our upcoming meetings will focus on how our resources can help guide our children on a healthy path forward. The Jig Jog committee is pleased to say they have added over \$10,000 to the Educational Foundation of Watertown pot which will go quickly to our great schools.

Let's keep looking for those four leaf clovers and we hope to see you happy and healthy on March 13, 2021!

Cum Laude \$1,000+

Teacher Grant Application Process 2020

With the fact that public schools began with virtual attendance and private schools being in-person attendance, we are handling the type of teacher grants a bit differently this year. But, as we have in the past, the grants will still be split between public and private schools on a 67% / 30% basis, based on the number of students attending each.

Public Schools: We're providing a \$20,000 grant to the WUSD to be used in the technology budget...\$15,000 for the licensing and implementation of Lexia Software (K-5) and \$5,000 to

support the need for "Hot Spots," for students in grades 6 through 12, who have limited Internet access in their homes.

Private Schools: The grant process for private schools will be the same as previous years with the teachers applying on this link:

<https://edfoundationwttwi.org/grant-info.html>

Teachers must apply prior to the October 12th deadline to be eligible for consideration.
